To Whom It May Concern

I am pleased to commend the work of The Together Plan, in striving to ensure that the often lesser known history of Jewish Belarus is accessible and reaches wider audiences.

Their endeavours in creating a Jewish cultural heritage route in Belarus make a valuable and necessary contribution to the historical record.

It is of considerable educative benefit to enable Jewish life in the country, before, during and after the Holocaust, to be fully explored.

I wish them ongoing success in this important and timely work.

Chief Rabbi Sir Ephraim Mirvis KBE
